

Porto Palácio - Plenary Room

The SITE Session

Complex abdominal aortic aneurysms

Vincent Riambau
Mario Lachat
Jorge Fernandes Noya
João Albuquerque e Castro

08.30
-
08.55

Fenestrated vs "inventive solutions".

João
Albuquerque
e Castro

09.00
-
09.25

Is one of the solutions really more cost-effective?

Leonor
Vasconcelos

09.30
-
09.55

How far can we go with each type of imaging equipment?

Mario
Lachat

10.00
-
10.25

Debranching? – Why?

Mario
Lachat

10.30
-
10.55

How to standardize complex aortic repair?

Vincent
Riambau

11.00
-
11.30

Opening Ceremony

11.30
-
12.00

Coffee Break

The Great Debates

Thrombectomy – Do we really need a device?

Rui Almeida, Miguel Lobo
Marco Manzi, Emília Ferreira

12.00
-
12.25

Specificities: grafts, stents and native arteries.

Miguel
Maia

12.30
-
12.55

Do we really need a device?

João
Vasconcelos

13.00
-
13.25

Time to quit.

Luís
Silvestre

13.30
-
14.30

Lunch

Hospital de São João

Live Cases

Complex aneurysm

Live Case 1 Comment:
Leonor Vasconcelos

Type IV thoracoabdominal
aneurysm - branched EVAR.

Eric
Verhoeven

Current stenting issues

Live Case 2 Comment
Miguel Maia

Live Case 3 Comment
Costa Lima

Celiac trunk aneurysm and
dissection.

Michael
Piorkowski

SFA occlusive disease -
stenting.

Michael
Piorkowski

The Great Debates

Hypogastric arteries management in EVAR

Carlos Vaquero, Duarte Medeiros,
Albuquerque de Matos
Luís Mendes Pedro, Frederico Gonçalves

14.30 - 14.55
None, one, both. When?

Sérgio
Sampaio

15.00 - 15.25
Bell-bottom. Is it finished?

Rui
Machado

15.30 - 15.55
Cook's IBD vs Gore's IBE. Is an evidence-based choice possible?

Giovanni
Pratesi

16.00 - 16.30
Coffee-break

16.30 - 16.55
How well/bad do inventive solutions perform in this setting?

Frederico
Bastos
Gonçalves

17.00 - 17.25
Still space for open solutions?

Gonçalo
Cabral

17.30 - 17.55
Common iliac and hypogastric arteries aneurysms - clinical behaviour.

George
Geroulakos

Hospital de São João

Live Cases

Hypogastric arteries

Live Case 4 Comment
Joana Carvalho

Live Case 5 Comment
João Almeida Pinto

IBD EVAR.

João
Albuquerque
e Castro

IBE EVAR.

Jorge
Fernandes
Noya

Working our way up

Live Case 6 Comment
Ana Evangelista

Live Case 7 Comment
Guedes Vaz

Retrograde access I.

Marco
Manzi

Retrograde access II.

Marco
Manzi

Porto Palácio - Plenary Room

The Great Debates "Standard" EVAR

Matas do Campo
Carlos Vaquero
Roncon de Albuquerque
Rui Machado
Mario Lachat

08.30 - 08.55 Twenty-five years after its debut, did EVAR prove to be superior to open repair as a AAA treatment?

Américo Dinis da Gama

09.00 - 09.25 If feasible, should we deny it?

Fernandes e Fernandes

09.30 - 09.55 Which graft for which patient?

Jorge Fernandes Noya

10.00 - 10.25 New and oncoming endografts for EVAR and TEVAR: emerging technological concepts.

Vincent Rimbau

10.30 - 10.55 Ruptured EVAR: Should it be the standard approach?

Mario Lachat

11.00 - 11.30 *Coffee-break*

The LINC Session Drug eluting balloons

Luís Mota-Capitão, Michael Piorkowski
António Assunção, Pedro Brandão, Pedro Amorim

11.30 - 11.55 If cost was not a problem, would you always use them?

Luís Mendes Pedro

12.00 - 12.25 Since cost is always a problem, when should they be used?

Gonçalo Alves

12.30 - 12.55 Retreatment after a drug eluting balloon treatment.

Marco Manzi

13.00 - 13.25 Are all DEB's born equal?

Vincent Rimbau

Hospital de São João

Live Cases

Minor changes, classical endografts

Live Case 1 Comment
Diogo Cunha e Sá

Live Case 2 Comment
José França

Incraft.

Nilo Mosquera

Endurant 2S.

Rui Machado

Delivering drug to the superficial femoral artery

Live Case 3 Comment
Mário Macedo

Live Case 4 Comment
Maria José Barbas

Live Case 5 Comment
Timmy Toledo

Drug eluting balloon I.

Pedro Paz Dias

Drug eluting balloon II.

Fernando Ramos

Drug eluting balloon III.

Nilo Mosquera

Porto Palácio - Plenary Room

The Great Debates

Acute deep venous thrombosis

Marzia Lugli, Manuel Martinez, João Paulo Santos
Alexandra Canedo, Sergio Silva, Luís Antunes

14.30 - 14.55 When not to think on anything else besides anti-coagulation?

Gabriel Anacleto

15.00 - 15.25 Pulmonary pressure assessment. Mandatory?

Ignacio Lojo

15.30 - 15.55 Last guidelines on acute deep venous thrombosis intervention - critical appraisal.

Paulo Gonçalves Dias

16.00 - 16.25 The big "dont's" in acute intervention.

Hugo Francisco Rodrigues

16.30 - 17.00 Coffee Break

Chronic venous obstruction

Marzia Lugli, Manuel Martinez, João Paulo Santos
Alexandra Canedo, Sergio Silva, Luís Antunes

17.00 - 17.25 Contraindications.

João Silva e Castro

17.30 - 17.55 When one cannot remain purely endo.

Carlos Vaquero

18.00 - 18.25 May-Thurner treatment – what evidence?

José Carlos Vidoedo

Hospital de São João

Live Cases

Venous session

Live Case 6 Comment
Armando Mansilha

Live Case 7 Comment
Pereira Albino

Live Case 8 Comment
Celso Carrilho

Iliac chronic obstruction stenting.

Marzia Lugli

May-Thurner stenting.

Paulo Gonçalves Dias

Arteriovenous malformation treatment.

Ignacio Lojo
